

Integrated biometric kiosks

identiMetrics has partnered with Touchpoint Industries to provide you with a new level of integrated biometric hardware. Touchpoint devices *powered by identiMetrics* allow you to maintain control throughout your implementation process and beyond. They are proven to decrease downtime, increase security and simplify your experience.

The Touchpoint Handheld Biometric Tablet *powered by identiMetrics* is an all in-one, 10" thin touchscreen Windows 10 tablet with built in, outward facing finger scanner, rechargeable 10 hour battery, Wi-Fi and stereo speakers. The Handheld can be customized for your specific requirements. It has a 36 month warranty.

The Touchpoint Basic Biometric Kiosk *powered by identiMetrics* is an all in-one wall mountable system with a 10" HD touchscreen, built-in biometric finger scanner, Wi-Fi, Ethernet, stereo speakers and built-in battery backup. Power over Ethernet is an available add on. The Basic can be customized for your specific requirements. It has an 18 month warranty.

The Touchpoint Pro Biometric Kiosk *Powered by identiMetrics* is an all in-one wall mountable system with a 10" HD touchscreen, built-in biometric finger scanner, Wi-Fi, Ethernet, visual ID indicator, stereo speakers and built-in battery backup. It also has Power over Ethernet, 3 years of 4G Internet backup and shatter proof screen. The Pro can be customized for your specific requirements. It has a 36 month warranty.
