identiMetrics™ Biometric ID Management named a "Readers' Choice Top 100 Product" by District Administration readers

Nominations from top K12 leaders led to the selection of products that enhance learning across the country

JENKINTOWN, Pa., Dec. 14, 2016 /PRNewswire-iReach/ -- identiMetrics™ Biometric ID Management has been recognized for making a positive difference in education by K12 leaders who named it to District Administration magazine's "Readers' Choice Top 100 Products for 2016."

The winners were compiled from 1,500-plus nominations from the magazine's readers over the past year. The Readers' Choice Top 100 Products has been announced online and in the December 2016 issue of District Administration.

The District Administration Readers' Choice Top 100 Products awards program informs superintendents and other senior school district leaders about products their colleagues around the country are using to help their districts excel in a variety of areas, such as technology, sustainability, and curriculum instruction.

"Learning about all the products being used to help districts succeed is inspiring," says JD Solomon, District Administration's editorial director. "Our winners cover a wide spectrum. All of our 2016 honorees should be very proud of this achievement."

"identiMetrics is honored, once again, to be awarded District Administration magazine's Readers' Choice Top Products for 2016," added Jay Fry, identiMetrics' President and CEO. "This award is a tribute to our dedicated customers who are using identiMetrics Biometric ID Management every day in their cafeterias, classrooms, libraries, and throughout their schools to simplify their school days with efficient, accurate, hassle-free accounting. identiMetrics helps school administrators take control over their ID management worries and focus more on what they do best – providing an excellent environment for educating their students and operating superb programs."
